When you were young and your heart was an open book  
You used to say life and let life  
(you know you did, you know you did you know you did)  
But in this ever changing world in which we live in  
Makes you give in and cry  
Say live and let die  
Live and let die  
Live and let die  
Live and let die

What does it matter to ya  
When you got a job to do  
You gotta do it well  
You gotta give the other fellow hell

When you were young and your heart was an open book  
You used to say life and let life  
(you know you did, you know you did you know you did)  
But in this ever changing world in which we live in  
Makes you give in and cry
